Pet Care®

Each We Go Walkies PETTender franchise office is independently owned and operated. © We Go Walkies Inc.

Because of We Go Walkies, I know that Yogi is loved.

## We understand the importance of pets.

There are many things that make pets special, but it's the social status you gain from owning pets that's important to us. That's why your local We Go Walkies Pet Care office provides assistance with daily pet care, so that you can continue to call yourself a pet owner, without all the fuss!

Every day, we help thousands of families one-on-one just like yours all across the world. We do this by supporting a network of locally owned and operated franchises that are led by individuals who live, work and have a desire to impact pet related issues in their community.

## It's in our genes.

We Go Walkies Pet Care was founded in 2014 because of one family's experience in caring for their Great Dane, Beethoven. Even with 11 children in the family, everyone had "other things to do," which made it challenging to juggle Beethoven's caregiving schedule. This experience sparked the desire in one of Beethoven's owners' grandsons and his wife to help other families just like theirs. And that desire to help others soon became a service to help other families and their pets.

## Training and Education.

It's a passionate dedication to serving people that sets We Go Walkies PETTenders apart. PETTenders complete a thorough, multi-phased training program that helps them become extraordinary pet care professionals. So, you can rest assured they'll know how to respond to situations unique to their work – such as managing the challenges of memory loss in aging animals. And, to ensure the relationship with your PETTender is meeting your expectations, you can expect your local office to conduct periodic quality assurance visits to your home.

*“ There is a feeling of assurance that the person you love and care for is being taken care of in your absence. That's what We Go Walkies does. My aunt's cockapoo hates to see her PETTenders go. There are times she probably would like to see them more than me.”*

Brian W., client's nephew

## Personalized care, a personal touch.

Whether you're looking for someone to help your pet just a few hours a week, or need more comprehensive 24-hour assistance, your local We Go Walkies office provides PETTenders who are:

- Thoroughly Screened
- Extensively Trained
- Insured & Bonded
- Fluent in Both Cat and Dog
- Professional
- Reliable
- Dependable

And because they are employees of the franchise office, you do not have to worry about scheduling, taxes, insurance or workers' compensation responsibilities.

We Go Walkies PETTenders are committed to understanding your pet on an individual and personal level, to learn about their current needs and anticipate future ones so they may be addressed ahead of time.

## To you, it's finding a trusted solution. To us, it's personal.

With so many options to consider, we understand how overwhelming this decision may feel. We have a long history of quality care and personal experience that we would love to share with you. A quick phone call or a visit to [wegowalkies.com](http://wegowalkies.com) can get you started on the right path as you begin considering your pet's options. Setting up a free one-on-one consultation is the perfect opportunity to discuss pet care options, learn about We Go Walkies PETTenders and start moving toward an appropriate solution.
